

Do you have ...

- An interest in timber production, or desire to learn?
- A commitment to working within job description and personal capacity?

Can you.....

- obtain a Police Clearance?
- abide by a Code of Conduct?

'Supporting Inclusive Employment'

Our manufacturing division provides supported employment opportunities for people with a disability. Having a meaningful job plays an essential role in promoting health, self esteem, and genuine participation in the community for all people, but particularly for people with a disability.

The Department for Communities and Social Inclusion has contributed funds towards this Project.

As a volunteer with our manufacturing division you will play an important role in supporting people with a disability achieve their employment goals. If you have an interest in timber production, or would enjoy volunteering in a fun and inclusive workplace, then you could contribute to the well being of others through this important role.

- *Support work teams achieve their production goals by pitching in with labeling, packaging, other light production activities, and quality checks.*
- *Assisting supported employees develop and maintain simple production skills.*
- *Be a positive role model demonstrating a commitment to Workplace Health & Safety, displaying a strong work ethic and willingness to work harmoniously in a team*
